- Lisa Shaw, UK
- Margrit Alt Murphy, Sweden
- Stefan Engelter, Switzerland

# Report of the ESO Neurorehabilitation Committee

## **Continuation of earlier initiatives (lead: A. Luft):**

- Consensus-based core set on neuropsychological outcome measures

## **Initiation of new initiatives (lead: G. Verheyden):**

- ESO Guidelines on motor/gait rehabilitation
  - Working Group installed (co-chairs: Geert Verheyden and Margit Alt Murphy, members: Rosa Cabanas-Valdes, Cathy Steinar, Gert Kwakkel, Sarah Moore, Eva Swinnen, Philippe Marque, Andrea Turolla, Andreas Luft, Meret Branscheidt, John Solomon, Sofia Lampropoulou, Sandra Lakicevic)
  - First phase (2022-early 2023): development of motor rehabilitation definition and accompanying framework: work concluded and final draft manuscript completed, currently under review by working group – to be submitted to European Stroke Journal early 2023
  - Second phase (starting early 2023): Building PICOs from definition and framework for guideline development
