

**Subject:** Gratitude for the Opportunity to Participate in the Department Exchange Programme

Dear European Stroke Organisation Team,

I hope this message finds you well. I am writing to express my sincere gratitude to the European Stroke Organisation and the host institute, RKH Klinikum Ludwigsburg, Germany, for providing me with the opportunity to participate in the department exchange programme. This experience has been incredibly enriching and instrumental in broadening my professional horizons.

The two-day workshop on **positioning in neutral** was exceptionally informative and hands-on. It enhanced my understanding of key techniques, which I am confident will contribute to improved clinical practices and patient outcomes in my home institution.

Moreover, attending the **1st International Interdisciplinary Conference** over five days was an extraordinary privilege. The sessions were highly engaging and fostered a profound appreciation for interdisciplinary collaboration. Interacting with esteemed experts and peers from diverse fields was both inspiring and

empowering, and it has motivated me to pursue innovative approaches in stroke care and research.

I deeply appreciate ESO's dedication to fostering knowledge exchange and professional development through such impactful initiatives. I am truly grateful to RKH Klinikum Ludwigsburg for their exceptional hospitality and guidance during my stay.

Thank you once again for this remarkable opportunity. I look forward to maintaining my association with ESO and contributing further to the shared mission of advancing stroke care.

Warm regards,  
Mrs. Megha Chaudhary Khanna
